The 1948 Katydid

Sweeney School Song

I.

Sing with joy and happiness,
Lift your voice of praise,
Tell in tuneful melody,
Of our glad school days.

REFRAIN

In our hearts, on our lips,
There is love for you.
All our days we will be true
To you, our Sweeney School.

2.

When these days are left behind,
Still within us there will be
Living joys that mean much more
Than just a memory.

TRUE FRIEND

Marjorie H. Scheffer

With skill, patience, and unfailing good humor, she has guided us through the mazes of mathematics.

In recognition of her warm friendliness and in sincere appreciation of her wholehearted interest in us and in our school activities we affectionately dedicate this book to Mrs. Scheffer.

Thoughts On Graduation

Graduation is upon us! With both eagerness and sadness we look toward the future. We are breaking the ties that have bound us to familiar settings and are about to enter new fields of work and a new phase of our experience.

With the memory of our days at the Sweeney School and the lessons we have learned here vividly impressed upon our minds and hearts, we move forward to meet the challenge of the future.

JACQUELINE GRAYBILL

Jackie

Chic, petite, and gay—that's Jackie. From her high heels to her exotic hair-do, she is definitely "new look,"—a page from Mademoiselle. She also possesses efficiency in no small degree and a capacity for getting things done. Success and happiness to you always, Jackie.

CLARA ELISABETH KLINE

"Clara Betsy"

Clara Betsy is our Navy girl. She came to us from Guam and entralls us with her tales of distant places. Although she has been with us only a year, she has won a place in our hearts. With her keen intelligence and straightforward manner we know she will succeed in whatever she undertakes. Best wishes to you, "C. B."
